## Training facility opened

AFTER two years of dreaming, Iluka resident Liza Joubert has opened her new training facility in Wangara.

Ms Joubert officially opened The Venue Perth last week, hosting the Secret Women's Business Group for its monthly meeting.

"I'm super excited to be presenting this beautiful space," she said.

As an inspirational speak-

er, Ms Joubert said she had struggled to find suitable places to host her events.

"I found I had to cart around a lot of my own equipment and even when they had what I needed, I found spaces didn't have the warmth I wanted," she said.

Ms Joubert said there were not many training facilities in Wangara so she decided to create her own.

The Venue Perth was designed to be suitable for a variety of events, from board meetings to yoga classes, and caters for up to 50 people.

Featuring quirky stools, striking artwork and indoor plants, she said the facility was unique.

"It's not just an empty space, I have created it to make people feel at home and to inspire creativity," she said.
